It brings together around a hundred organizations (municipal services and associations) and invites all audiences to discover all the activities offered in the area, in diverse and varied fields: sport, culture, history, or even mutual aid and solidarity.
- Each year, a twin town is being highlighted, during the Mayor's speech and especially at the twinning committee's stand.

- Located in Luz-Saint-Sauveur in the Pyrenees, at an altitude of 730 meters, between the thermal baths and the Pont-Napoléon, Le Cabrit is a municipal holiday and leisure center, welcoming both young and old throughout the year for mountain activities.
- The chalet has 71 beds spread across 21 rooms (ranging from 2 to 5 beds per room) over three levels. Meals are taken together in the dining room.
- In addition, the center has a family kitchen, a TV room, and a game room with table tennis and table football, available for the use of the occupants.
- During school holidays, Le Cabrit welcomes families and stays for children and teenagers.
